

HAFIZ MUHAMMAD WAQAR KHAN

Lahore, Pakistan
Contact: +92 335 6729366 | Email: hwaqrk@outlook.com

SKILLS

Languages: C#, TypeScript, JavaScript, SQL, HTML5, CSS3
Frameworks & Technologies: ASP.NET, ASP.NET Core, REST APIs, MVC, Razor Pages, ADO.NET, Entity Framework Core, Angular , Crystal Reports
Database: MS SQL Server
Tools & Platforms: Git, GitHub, Azure DevOps, Click-Up, SSMS, NPM, NVVM, Nx Workspaces
UI Libraries: AG-Grid, Angular DataTables, Syncfusion, Angular Material, PrimeNG
Reporting Tools: Crystal Reports
CMS: WordPress (Elementor, Beaver Builder), Shopify
Others: Clean Architecture, Modular Architecture, Unit of Work Pattern, Repository Pattern, Docker, Responsive UI Design

CAREER

Karma Software Solutions
Full-Stack Developer

Dec '25 – Present

- Developed and maintained scalable enterprise web applications using ASP.NET Core and Angular in a full-stack role
- Designed and implemented secure, high-performance RESTful APIs following Repository and Unit of Work design patterns
- Collaborated on system architecture decisions, performed code reviews, and optimized application performance and maintainability

PERSPECTIVE -V
Full-Stack Web Developer

Oct '22 – Dec '25

- Engaged on-demand to build and enhance web applications across the full stack, adapting to a variety of project scopes and development workflows.

Key Achievements:

- Delivered front-end and backend functionality using ASP.NET 6 and Angular for performance-critical applications.
- Applied Nx-Workspaces and modular architecture for scalable code organization and efficient deployment.
- Integrated rich UI components using AG-Grid, Angular DataTables, and Syncfusion libraries.
- Designed and consumed RESTful APIs, ensuring secure data transactions and smooth frontend-backend communication.

Highlighted Projects:

- Learn Quran Live Academy (Asp.Net 6)
- Client Management Portal (Asp.Net + Angular)
- Password Manager (Asp.Net + Angular)
- Home Sports Era (Asp.Net + Angular)

EDUCATION

VIRTUAL UNIVESITY OF PAKISTAN
Computer Sciences Department
Bachelor of Science

February '25
Lahore, Pakistan

- Majors in Computer Science

INTERESTS

- Software Architecture
- System Design
- Tourism & Sprots
- Social Networking
